Are you Going To Be My Girl - Jet - L12

Great bluesy rock track from Jet. Its very rhythmic, so listen to the song a few times to get the timing right. There is lots of space for the vocals which is always a great thing to do in any song. The chords, particularly the A barre chord doesn't need to be played in full, concentrate more on the rhythm.

Intro (Bass line)

```

B|-----|
G|-----| x4
