Get Back - The Beatles - L11

Fun song to play from The Beatles. Here John Lennon & George Harrison share the guitar duties so we have written a version which incorporates both. The intro is a crescendo and gets louder. Play it fast, so use an alternate picking style. On the verse its a simple 12 barre type rhythm with a couple of added notes on the turn around.

We suggest you sing the 'Get Back' on the chorus if you know the song to assist with the rhythm. The 'x' in the tab indicate you strum the strings but dampen them to give a percussive sound and play the 'A' chord on the upstroke for the correct timing.
