Hard To Handle - Black Crowes - L14

Fantastic upbeat bluesy rock from one of the finest rock bands of the 90's The Black Crowes. Originally this song was penned by Otis Rush, but the Black Crowes version gave it a new lease of life. 2 guitars were used on the recording, here we show a stripped back version of the rhythm section, although we suggest listening to the track to hear all of the nuances the guitarists included.
