

Iron Man- Black Sabbath - L14

Well known from the movie Iron Man this Black Sabbath track has a great trick from the start with a 'behind the nut' bend. Its either 2 finger power chords or single strings. Fun to play with the overdrive turned up to 10!

A -----	You'll need to bend the string behind the nut a tone as shown in the picture.	
E 0(>2)-0(>2)-----	Tony Lommi also added an E on the D string on the 2 nd fret of the D	
	Should you wish to do this we suggest you use your pinkie to do this.
