Misirlou - Dick Dale - L13

Get ready for some fast alternate picking on this classic surfer song. We advise you pick nearer the bridge than normal for a more treble sound. Listen to the song and you will hear that each note we have tabbed in picked several times, so the tab won't tell you the picking, however we advise you to try and learn the scale without the fast picking to begin with then add the picking later. If you have reverb on your amp then turn it on.
