Passenger - Iggy Pop - L4

Although the chords are easy enough to play this is all about the timing and the stamina. The F should be a basic F chord - if you replace it for a Barre Chord F it just doesn't sound right. The timing 1,2,3 - 1,2,3 - 1,2,3 - 1,2,3 very fast for each chord. Play it down, up, down for each chord. The beauty of doing it this way is that it gives you a little bit more time to change to the next chord

Am F C G

E|0---1-0-3--|

B|1---1-1-3---| each chord is played down, up down - 1,2,3

G|2--2-0-0---|

D|2--3-2-0---|

A|0----3--2--|

E|-----3--|

That's the entire song, simple but very effective!
