Pump It Up - Elvis Costello L12

Fun punk'd up song from one of Worlds greatest song writers 'Elvis Costello'. The intro has 2 double stop bends. The first one starts unbent, but after just 1 beat rises a tone on just the B string then the next beat comes back down (so quite a quick up and down). The third section has one beat again before it rises but lasts 2 beats on the bend before returning. The run at the end is quick so be ready for it!
