The Last Time - Rolling Stones - L12

Classic early Stones number. The 2/4 at the start is a slide. We prefer to use our middle finger for this so we are ready to use the index on the 2nd fret of the B string and come straight back to the middle finger on the G again. Then we use the 3rd finger on the 5th fret of the E string. We find it best to play with our fingers and not a plectrum, but try both and see what suits you the best.

```
E|-----|
B|----3---5---3--2-----|

Homework:

Using the initial lick try putting this into an Em pentatonic to spice it up. Use it every other barre and improvise the section in-between.
