What's Up - 4 Non Blondes - L6

One hit wonder '4 Non Blondes' had a massive hit with the song 'What's Up'. It's fairly simple to play, just the Bm which is a barre chord is the only real challenge. Play each chord with 4 strums. The actual song is tuned down half a step, so if you play along you will need to tune each string down by a semi-tone. The solo is an A major pentatonic.
